Old Fantasy Action RPG is a sequel to the popular New Fantasy action RPG starring the young boy, Takuto. It is a fantasy adventure role playing game and the development is in its second volume. The storyline is set between the world of "The Elden Ring" and the world of "Makai," and the content of the game is mainly focused on the story of Takuto's journey. The world of the game is made by linking together a variety of dungeons, towns, cities and the ocean. Players can select their own route, decide their own adventure, and search their own adventure. One of the themes of the game are the stories of people meeting for the first time, and a world with a feeling of excitement and mystery that comes from the exploration of its contents. One of the greatest strengths of Old Fantasy Action RPG is that the atmosphere that comes from the world of the game is unique and remarkable. Being unable to create a new fantasy RPG using the future technology, the game staff made it unique by developing the game using three-dimensional models and high-definition anime-like illustrations. The game also boasts special effects such as a fully interactive city map, an unparalleled "maze" dungeon, and an expansive dungeon. The gameplay in Old Fantasy Action RPG is free from the limitations of the action RPG genre, and is ideal for people who appreciate all kinds of fantasy RPGs. \*Story A hero constantly doubts his own strength and searches for his identity. You were supposed to be saved by a hero. And yet you managed to reach this state before he was even born. Futile memories lead you here and here. It seems only moments ago, but it is already many years later. The hero and his companion have arrived at the front line of the war against the enemies called the Elden Army. The heroine, Tandor, has been pulled into this world from "Makai," a world where monsters live. Takuto rushes into battle with all the confidence of a young man who is overflowing with arrogance and smoldering with hatred. Meanwhile, you, who are in the Elden Ring world, are slowly awakened. What awaits you after you step into "Makai" to confront the enemy? What is this journey to the front line? What will you meet on your journey? This
