during the adventure. If you encounter a 'Do Not Enter' sign at your home, you're headed for ghostly doom! Whichever way you decide to play, Haunted Nights is guaranteed to keep you guessing right up to the moment of 'trick or treat'. The Haunted Nights Haunted House is a large-scale adventure game where you work your way through 7 haunted houses, meeting and interacting with the denizens of each house as well as working to complete each puzzle in the quickest time possible. Witchy Wanda the Vampire And if you have a head for such things, you can unravel the story behind the plot, before the denizens open up to you by dialogue. Even from the beginning of the game, Witchy Wanda's character will shine through as a 'one-of-a-kind', with her special powers only the 5th generation of witches (the WANDERERS) and the Sidhe know of. You won't need to worry about getting your powers back or discovering why the villagers have a scare of their lives: the mystery is already solved! There are only a few scenarios the game offers, which will of course be different from person to person. And of course the costumes are rather spooky as well! You'll start with one of the three Halloween outfits. Each of the four girls have their own clothes and hair styles, as well as three different
