Www.sexysimi.com She had been in denial about her situation for years but when things got bad, she sold out to the game of the big P against her husband. Due to a long but happy marriage she had always been sexually active so she knew about sex and what it took for it to be great so she came into the store just looking for clothes to wear but before she could ring the bell to enter, he grabbed her and just gave her a 'goodbye' and locked the door. She finally picked a man who was similar to the one she liked the most and her husband didn't know about it. She had to be careful how she did it so her husband wouldn't find out. She contacted him and told him what she wanted and he was fine with it and they began having phone sex sessions where they both shared ideas on how to play it. And, you know what they say 'hell hath no fury like a woman scorned'. Well, they had a lot of sex and he loved it because she was even more sexually aggressive and wanted it more than he did. And, after a while, he went to his local sex shop and bought a few toys and he even told his friend he was planning
